RODENT CONTROL **CATALOG**

FOR THE PROFESSIONAL

STANDARD RODENT STATION

A low-profile design, large capacity bait chamber and heavy-duty construction make the B&G Rodent Bait Station a terrific alternative to other higher priced rodent stations. Its single-lock design decreases service time for quick and easy station cleaning. Rotating hinge design provides years of dependable service, making the B&G Rodent Bait Station the ideal choice for rodent control professionals.

FEATURES

- Thick-walled plastic can withstand being stepped on without damage
- Low-profile design
- 10.5 x 10.5 x 3.5 in.
- High capacity bait chamber
- Ramped entry into bait chamber which deters water collecting
- 1 key per case included
- Can be flush mounted against wall for maximum effectiveness
- Rotating hinge design for years of dependable service

* Key works with the Standard, Deluxe and Mouse Bait Stations

* Pictured with paver

FOR THE PROFESSIONAL

DELUXE RODENT STATION

Perfect for controlling rat and mice populations in residential or commercial spaces, the Deluxe Rodent Station delivers high functionality at an economical price point. Featuring a domed area to accommodate snap traps and a sizable bait chamber, the station can be configured for a variety of pest control strategies utilizing baits, traps or a combination of both. The Deluxe Rodent Station's tamper-resistant design features a low profile for increased rodent activity.

FEATURES

- Can be used with bait, snap traps or combination of both
- High capacity bait chamber
- Internal baffles deter non-targeted pests
- Ramp entrance prevents water from contaminating the bait
- 1 key per case included
- 12.5 x 10.5 x 3.5 in.

* Key works with the Standard, Deluxe and Mouse Bait Stations

* Pictured with paver

DELUXE RODENT STATION

FOR THE PROFESSIONAL

MOUSE STATION

The B&G Mouse Bait Station features a high-capacity bait chamber, single-lock design for easy servicing and low-key profile for increased rodent activity. The station is equipped with a recessed cover which prevents tampering and can be secured further with a zip or lock tie via the hole in the cover. The B&G Mouse Bait Station can be positioned horizontally or vertically.

FEATURES

- Large bait chamber allows multiple mice to feed at once
- Heavy-duty construction prevents damage even when stepped on directly
- Rounded corners inside of station expedite cleaning
- 4 keys per case included
- 5.5 x 4.5 x 1.25 in.
