

TERMITE MONITORING

B&G

TM-1 TERMITE MONITOR

Provides a Valuable Service - Constantly monitors your customers premises for possible termite presence and allows you to address any termite activity immediately before any damage occurs.

Increased Customer Retention - On a daily basis it gives your customer a reminder of the valuable service you provide. The B&G TM-1 Termite Monitor can be custom printed with your Company Information.

Increased Sales - Offers you the opportunity to supply a Termite Monitor Program as an "add on" service, and when termite activity is present permits you the opportunity to immediately sell a termite protection and remediation program.

Inexpensive and Easy to Install and Service - The B&G TM-1 Termite monitor is easy to install, no drills or augers are required. Servicing takes less than a minute and at a cost of less than \$2.00 per monitor, it allows you to offer an invaluable service in a cost effective termite monitoring program.
